

Tobias Renz is the Managing Director of Tobias Renz FAIR-PR, the organizing company behind the Group Exhibit Hydrogen + Fuel Cells at HANNOVER MESSE. In May 2006 Tobias Renz started his own company as the successor to Arno A. Evers, the founder of the 14-year old Group Exhibit Hydrogen + Fuel Cells. As of HANNOVER MESSE 2007, Deutsche Messe AG will be the official owner of the week-long Group Exhibit, while Tobias Renz FAIR-PR and team will personally see to all organizational details of the 150 international exhibitors.

After receiving his diploma as a Civil Engineer at the Technical University of Munich in 1996, Tobias Renz began working for Arno A. Evers FAIR-PR. Since then he has organized over 20 group exhibits of various themes in Hannover, Leipzig, Munich, and Shanghai, as well as the World Exposition EXPO 2000. The sizes of the exhibits ranged from 200m² to 3000m², from 10 to 150 exhibitors and a supporting team of 70 persons. It is his goal to simplify trade fair participation and to optimize the offered Service Package at each event.
